ANIMAL QUARANTINE

GENERAL TERM:

Animal Quarantine means any place and/or any measures to prevent the introduction into, the dissemination from one area to another within and the spread from the territory of the Republic of Indonesia of animal pest and diseases.

BASIC LAWS AND REGULATIONS:

1. Law No.16 of 1992 concerning Animal, Fish, and Plant Quarantine;
2. Law No. 41 of 2014 concerning the Amendment of Law No.18 of 2009 concerning Livestock and Animal Health
3. Government Regulation No. 82 of 2000 concerning Animal Quarantine;
4. Government Regulation No.7 of 2012 juncto No.48 of 2012 concerning of Non Tax State Income Tariff;
5. Government Regulation No.47 of 2014 concerning Control and Eradication of Animal Disease;
6. Decree of the Minister of Agriculture No.422 of 1988 concerning Regulation of Animal Quarantine;
7. Decree of the Minister of Agriculture No.3238 of 2009 concerning Classification of Pests and Animal Quarantine Diseases, Classification and Specification of Its Carriers;
8. Decree of the Minister of Agriculture No.94 of 2011 concerning Entry and Exit Points of Carriers of Animal Quarantine Diseases and Plant Quarantine Pests;
9. Some of other related animal quarantine regulations.

PRINCIPAL OF ANIMAL QUARANTINE:

Animal Quarantine is based on sustainability of animal biotic natural resources.

THE OBJECTIVE OF ANIMAL QUARANTINE:

1. To prevent the introduction of quarantine pest and diseases of animal into the territory of the Republic of Indonesia;
2. To prevent the dissemination of quarantine pest and diseases of animal from one area into another area within the territory of the Republic of Indonesia;
3. To prevent the spread of certain pest and diseases of animal from the territory of the Republic of Indonesia

COMMODITIES/CARRIER OF PEST AND DISEASES OF ANIMAL UNDER QUARANTINE CONTROL:

Animal Quarantine has an authority to control the importation, exportation, and/or domestic movement of live animal, animal products, and biological products of animal origin through entry and exit points.

These commodities include:

1. Live animals
2. Materials of animal origin such as meat, egg, edible offal, raw/half-processed/processed skin (skin hide, leather), animal blood, horn, bone, bird-nest, honey, frozen animal embryos, frozen semen, stuffed/preserved animal
3. Products of material of animal origins such as sausage, meat ball, shredded meat, meat bone meal, bone meal, processed meat, dairy products (cheese, cream, yoghurt, butter)

4. Other materials which are excluded from live animal, materials of animal origin, products of materials of animal origin such as vaccine, sera, hormones, animal drugs, diagnostic materials ie. antigen, tissue cultures, and other biologist products relating to animal health
5. Other carriers such as fodder, feed, remaining of passenger meals on board, aircraft garbage, manure, remaining of animal feed, dead animal during transportation, as well as any material or object which has been contacted with animal in means of transportation

QUARANTINE REQUIREMENTS:

IMPORTATION OF PET ANIMALS (DOG AND CAT) INTO THE TERRITORY OF THE REPUBLIC OF INDONESIA

Documents requirement

1. Import Permit issued by the Directorate of Livestock Service and Animal Health, Ministry of Agriculture;
2. Animal Health Certificate/Pet Passport issued by an Authorized Government Veterinarian from the exporting country;
3. Rabies Vaccination Certificate issued by Government Veterinarian or Licensed Veterinary Practitioner, and the vaccination shall have been performed at least 30 days and not more than 1 year prior to export/shipment
4. The pets shall have been 90 days year old at the time of export/shipment
5. The pets shall not be in pregnant or lactation condition;
6. The pets should be reported to the Animal Quarantine Officer at the point of entry at least 2 (two) days prior to arrival;
7. The Quarantine Veterinarian will perform quarantine inspection and verify required documents on arrival. If all required documents are found complete and the pets are healthy, the Quarantine Veterinarian will take the pets into quarantine premises/facilities/installation in the airport for further observation;
8. The pets shall subjected to quarantine observation for at least 14 days in quarantine facility in accordance with prevailing laws and quarantine regulations (Decree of the Minister of Agriculture No. 422/Ktpts/LB.720/8/1988, Article 16)

EXPORT REQUIREMENT OF LIVE ANIMALS AND ANIMAL PRODUCTS

Document requirement

1. Veterinary Health Certificate issued by an Authorized Government (Veterinary Service in District/Province of Origin);
2. Export Recommendation issued by an Authorized Government (Veterinary Service in District/Province of Origin);
